the rest of the year but you can order the inventory that they still have.

 - i. Grace noted they are trying to plan some virtual events and are still working on what that will look like. They normally have a farmers market which they can't have this year. It is normally the last week of April.

4. B&G Club

- a. Julie noted they are still accepting students. Please reach out to them if you are interested. They are a great partner to our school.

5. Principal's Report - Mrs. Brazell

- a. Mrs. Brazell noted that it has been great to get the 4th and 5th graders back. The teachers are over the moon and everyone is saying how exciting it is to have them back on campus. They still have a lot of students in distant learning but they have had consistency throughout the school year.
- b. Mrs. Brazell noted that the carlines have been long but will get faster. She appreciates people not parking and walking in because

it creates a safety issue when there are a lot of walkers. She appreciates how everyone is following the rules. They make adjustments all the time. She is on the street because she doesn't want to put another employee on the street.

- c. Mrs. Brazell noted that we don't know what the end of the year will look like but hopefully we might be able to do some more things. She would love it if they were able to have parent volunteers help with the carpool line.
- d. Mrs. Brazell noted that the new equipment has been great. She thinks they will be able to allow the kids to play modified gaga games.
- e. Mrs. Brazell noted that with the state of California budget and federal government's stimulus packet the school district might receive some money. They hear that the money is tied to specific things like supporting students who are behind and need intervention. She is confident that the kids will catch up pretty quickly. They want to make sure every child has that opportunity.
- f. Mrs. Brazell noted that they are learning that the 2 ½ hour block is a good amount of time. Obviously not as much as they would want but a lot can be done in that time.
- g. Mrs. Brazell appreciates everyone's understanding and patience.
